PATENTED V-FLEX® TECHNOLOGY  
FOR A CLOG-FREE CLEAN

**EXPERT LINE**  
NOT SOLD ONLINE

### EFFICIENTLY ELIMINATES CLOGS

Navigator® V-Flex® features patented V-Flex technology for a total clean with virtually zero clogs. Its wide vacuum inlet and unique wing design create constant suction power, even at lower flow—making it ideal for use with energy-saving variable-speed pumps.

### CREATES A CORNER-TO-CORNER CLEAN

Equipped with patented SmartDrive® technology, Navigator V-Flex systematically travels the floor, walls\* and coves of your pool, creating thorough, reliable results. Its adaptive steering system eliminates hose tangling and enhances maneuverability, keeping the cleaner moving until the job is done.

### SIMPLIFIES SERVICE AND MAINTENANCE

With no debris bags and fewer moving parts, Navigator V-Flex is easy to maintain. It connects to a skimmer or suction port for complete installation in minutes, and its advanced design cleans quietly for a more peaceful backyard.
