More ways to make your backyard shine brighter.

ColorLogic® LED Lights

12V POOL, SPA, FEATURES AND BACKYARD LIGHTING

BRILLIANCE AND EFFICIENCY. JUST TWO TRAITS THAT RUN IN OUR LED LIGHTING FAMILY.

ColorLogic® LED Pool, Spa and Backyard Lights are designed to illuminate nearly any new or existing pool or spa environment with vibrant color. Choose from 10 solid colors and 7 color-changing light shows to compose the perfect theme for any occasion—from romantic evening to backyard bash. With a variety of size options available, it's easy to highlight any outdoor feature while reducing energy costs by up to 86%. Discover how this brilliant family of lighting can transform any backyard environment into an oasis of color.
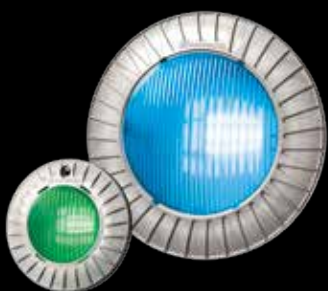

Transform your pool and spa with the industry's brightest LED light.

Instantly add rich, deep color to any new or existing pool with Universal ColorLogic LED Pool & Spa Lights. Available in 10 fixed colors and 7 color-changing shows, these 12V LED lights shine 100% brighter than any other LED light on the market and last 10 times longer than incandescents. They're built without any bulbs, filaments or moving parts and are UL-listed for safe wall or floor installation in virtually any niche. Say goodbye to dull, inconvenient incandescents and bring the brilliance of long-lasting, energy-efficient Universal ColorLogic Lights to your pool and spa.

Enhance your masterpiece with lighting that's just as brilliant.

Brightness Universal ColorLogic Pool & Spa Lights are 100% brighter* than any other color LED light.

Energy Savings Universal ColorLogic Pool & Spa Lights save up to 86% on energy costs.

Low-Voltage ColorLogic Pool, Spa & Backyard Lights are low-voltage and UL-listed for safe wall and floor installation.

**Performance** ColorLogic Pool, Spa & Backyard Lights last 10 times longer than incandescent bulbs.

*Based on measured test data for pool and spa at time of print.

Color every corner of your oasis.

Perfectly proportioned to make any feature shine.

ColorLogic® 320 & 160 1.5-inch LED lights are ideal for multi-light pools and spa lighting or for highlighting water features, baja shelves, steps, landscaping and more. Available in two brightness levels and able to be installed wet or dry, these versatile lights offer total color coordination of all water environments and can shine in almost any backyard application.

Small in size. Big on color.

ColorLogic 80 & 40 .5-inch pool, spa and backyard lights lend rich, colorful detail to the smallest backyard areas. They're the only solution on the market for custom water feature and hardscape lighting that coordinates with a full portfolio of pool, spa and backyard lights. Easy to install in wet or dry environments, these versatile lights are designed to brighten hard-to-illuminate areas such as waterfalls, decking, landscaping and more. They sync seamlessly with all lights in the low-voltage ColorLogic family for an expertly coordinated backyard oasis.

Backyard envy:
now available in every color.

One light. Endless possibilities.

ColorLogic LED Lights come with 10 fixed colors and 7 color-changing light shows, so it's easy to set the mood for any occasion.

DISCOVER A NEW SPECTRUM OF BACKYARD CONTROL.

Experience simple, sophisticated lighting control.

The ColorLogic Light Controller puts the power of colorful, customizable low-voltage ColorLogic LED lighting at your fingertips. Choose the perfect color option for your pool and backyard from right inside your home using the convenient dial and preview window. As the only wall controller that can be easily installed into an existing light switch, the ColorLogic Light Controller makes it simpler than ever to see your pool, spa and landscaping in a whole new light.

Enjoy the luxury of full control.

Owning a pool or spa is a true luxury. It provides a place to relax in the comfort of your own backyard while spending time with family and friends. A backyard automation system makes it easier than ever to enjoy the benefits of pool ownership. With just a touch, you can automate maintenance functions like sanitization and filtration and control ambient features such as water features and lighting. Plus, Hayward's ColorLogic lighting family offers a networked lighting option in all categories. When integrated with a Hayward Automation System, ColorLogic's options expand to over 101 colors and 11 light shows*—all adjustable for speed, motion and brightness.

*Must purchase ProLogic® PS model, network lighting, network module and couplers.

The brightest white lights in the industry.
