

# YOUR GUIDE TO DOE-COMPLIANT HAYWARD® PUMPS.

EFFECTIVE JULY 19, 2021

The U.S. Department of Energy (DOE) has developed new energy efficiency standards for pool pumps manufactured on or after July 19, 2021. In our continuing effort to offer the most comprehensive pump lineup possible, **Hayward is proud to announce all of the above-ground pump and filter system models listed below are compliant with new DOE standards.** Use the tables below to find a specific DOE-compliant model.
