

LED WATERBOWLS BETTER INSPIRATION

Hayward® LED WaterBowls help transform the pool space with a stunning architectural focal point.

Add-on dramatic LED lighting integrates seamlessly with Omni® automation and transitions effortlessly from day to night, WaterBowls are the perfect way to add a personal unprecedented convenience. OmniDirect™ Mode compatible for additional lighting shows and colors, dimming control and more

Square or round base shapes available.

Sculpted from durable, UV-resistant material in 7 finishes: Tempered Glass, Brass, Bronze, Copper, Gray, Natural, Pewter.

HydraPure™ AOP Sanitization System

Hayward HydraPure™ combines the germicidal properties of UV light with the oxidative power of ozone to form hydroxyl radicals that effectively destroys 99.9%* of chlorine-resistant microorganisms in pool water.

The HydraPure™ has an intelligent all-in-one design that operates efficiently at a range of flow rates and cuts chlorine demand up to 60%.

The HydraPure™ is fast and simple to install with a rotatable lid for easy access to the intelligent visual display that makes it easy to monitor functions, bulb life and status.

Intelligent Display

H2OCHK® System Water Testing With Your Smartphone

The Hayward® H2OCHK® includes test strips and an easy-to-use app that allows quick and accurate measurements, and provides historical results of 5 important water quality parameters:

Chlorine, pH, Total Alkalinity, Total Hardness and Cyanuric Acid.

- Instant pool water readings
- Accurate results instantly
- Gives exact chemical dosing
- Automatic reminders
- Receive equipment and in store coupons

The app will recommend chemical dosages for perfect water balance based on pool size.

DIP the strip in the water and **ALIGN** in app window for the new and improved camera algorithm to **READ** for accurate results all the time.

Assembled in a convenient specially designed point of sale display carton of 12 bottles with 50 strips per bottle.

Contact your local Hayward distributor to get a free trial size bottle.

HAYWARD® CAT CONTROLLERS®

BETTER WATER QUALITY

CAT1000

CAT2000

CAT5500

CAT6000

5 YEAR WARRANTY

Commercial pools, spas, water parks and water treatment facilities worldwide rely on **CAT Controllers®** to provide enhanced water quality management. Every model provides unmatched control over pH, ORP, and sanitization for chlorine, bromine or salt chlorinated pools.

Our wireless, web-based models are available with Wi-Fi® connectivity to allow remote monitoring and control through **PoolComm®**. View water quality data, print charts, analyze graphs—even receive alarms via email or text from any iPhone®, Android™ or other web-enabled device.

Packages include Machined Acrylic Flow Cell with Rotary Flow Sensor and Asahi Valves or Molded Flow Cell with Float Style Flow Sensor and Parker Ball Valves. Also included are Speedfit Connectors, 30' of installation tubing, professional Series pH and ORP Sensors and mounting on PVC backboard.

CAT Controllers are certified to NSF/ANSI Standard 50 and come with a 5 year warranty.

TOTAL SYSTEM ACCESS WITH POOLCOMM®

Amerec AK Steam Generators – First Class Performance

To add steam to the shower simply requires an enclosed shower and the addition of a steam generator and control. Luxury is added without using any extra space.

The **Amerec AK** steam generator uses full power to quickly heat up the steam room to its preset temperature, then cuts power to half its elements. The result is a more consistent flow of soft steam and more stable temperature.

The new Comfort Flo Steam Head gives an improved dispersion pattern that provides even heat throughout the steam room. The steam head's internal Ryton plastic insulator prevents the exterior metal surface from reaching high temperature.

Amerec steam generators can be consolidated with your Hayward shipment for cost savings.
