

## Elevate the Appeal and Bring Your Pools to Life With ColorLogic® Laminars

WFL100

It's the only laminar with a height adjustable cover and multiple lid color options to help it blend with the surroundings.

The **Hayward ColorLogic® Laminar** generates a clear glass-like rod of arcing water from the deck to pool.

A simple integrated flow adjustment eliminates the need for dedicated valves for each laminar allowing complete

control of the height and distance of the water stream without the need for tools.

The ColorLogic® Laminar can be used with **ColorLogic® 320/160** LED lights along with the new **SmartPower®** Transformer and **Omni®** automation with **OmniDirect™** to create exquisite ambience.

ColorLogic 320/160

**SmartPower®** Transformer and **Omni®** automation with

OmniDirect™

## SKIMMASTER® Series High-Quality Design Delivers Superior Reliability

Bonding Kit

The **Hayward® SKIMMASTER®** in-ground pool skimmers are manufactured to rigorous

Gray SP1072S2 with EVA kit

quality standards. Their durable, unibody construction is molded of rugged ABS material for all-weather performance,

and each skimmer is offered with multiple plumbing connections for simple installation. Non-corrosive, non-conductive and virtually indestructible, they're the preferred choice of professional pool builders.

The **SKIMMASTER® SP1072S2**

Skimmer boasts one of the highest flow ratings in the industry at 75 GPM.

## SV Series Solenoid Valves

Hayward SV Series Solenoid Valves are true union solenoid valves available in PVC and CPVC. The valves have a corrosion resistant polyester coil and a four-position electrical connection.

The valves are available in a normally closed design rated at a non-shock 150 PSI at 70 °F . 110V is the standard voltage with additional voltages 12 VAC, 24 VAC, 220 VAC, 12 VDC, 24 VDC available as options.

Available with FPM or EPDM seals.

All Hayward flow control products have a 2 year warranty as standard and are manufactured in compliance with ISO9001:2008.

The solenoid valve can be used in a chemical feed system with tablet feeders, to auto-fill a pool with fresh water, and in water features. The valve can also be used in non-pool applications including irrigation systems.

## SmartPower® Transformer - The Ultimate Theme Setter

The Hayward SmartPower® Transformer **LTSUY11300** can easily alternate the colors for up to four zones. You can change color between the pool, spa or water features without requiring additional HV relays or transformers.

1 POOL 2 SPA 3 FEATURE 4 LANDSCAPE

The Hayward SmartPower® Transformer is only controllable with **Omni®** automation systems and is **OmniDirect Mode™** compatible for additional lighting shows and colors, dimming control and more. UL Listed and supports up to 75W per zone with no high voltage relay. Best used with Hayward UCL lights.

## HeatPro® HP31005T

Heat & Cool Heat Pump  
100,000 BTU Performance with 6.4 COP

AHRI certified and independently lab-tested to ensure the highest quality performance and value.

- ✓ Heat and cool capability
- ✓ Multi-speed fan automatically modulates speed for quiet, energy-efficient operation
- ✓ Compact footprint requires only 6" clearance
- ✓ Durable components like titanium heat exchanger and Gold Fin evaporator coil extend lifespan
- ✓ 2"/2.5" Standard Plumbing Unions
- ✓ Limited time special pricing available
