- VH1540** 1 1/2" x 40' Vacuum Hose
- VH1550** 1 1/2" x 50' Vacuum Hose

PROHAYWARD low voltage transformers are designed to provide safe 12 volt electrical supply to underwater lights and low voltage fixtures of all types. Advanced circuit protection resets automatically and the weatherproof housing features a separate wiring compartment for the fully encapsulated high and low voltage circuits. The large wiring compartment and six convenient knockouts make installation simple and trouble free.

- TRS-300** Low Voltage Transformer 300W 220V/12V Single Tap
- TRM-300** Low Voltage Transformer 300W 220V/12-13-14V Multi Tap
- TRS-600** Low Voltage Transformer 600W 220V/12V Single Tap

Featuring the exclusive "H" logo, **PROHAYWARD** ladders are easy to grip 43mm (1.69") in diameter and finished to a mirror like polish. The smooth looking rails are a result of hidden tread bolts and the anti-slip pad is mechanically fixed to the tread. Every **PROHAYWARD** ladder is individually boxed with all installation hardware included.

Skimmer Type		A	B
